A Plus Natural Enzymes

Breakthrough line of pest elimination products for homes, buildings, restaurants, hotels, nursing facilities, etc. and is safe around you, your children, pets and the environment. Products for cockroaches, ants, fleas, bedbugs, head lice, fruit & drain flies and many other pests.

These unique, organic compounds are specifically formulated to clean, remove & eliminate dirt, gunk, odors and pests, safely cleanly and naturally.

847-676-3477 

CLEANER STEP 1

PREFORMED ENZYMATIC CLEANSER

An all-organic, biodegradable cleaner that penetrates and emulsifies all types of filth.

An environmentally friendly alternative to harsh cleaning chemicals, it is highly effective at cleaning tile, walls, floors, carpet, bedding, upholstery and drains. Use periodically in drains and on tile to prevent clogging & mildew..

BIODEGRADABLE

EFFECTIVE on

BLOOD, VOMIT, ORGANIC WASTE,
MILDEW, FUNGUS, MOLD, SMOKE,
OTHER ODORS, ANY STAIN,
ANY TIME!

PEST ELIMINATOR STEP 2

EPA MINIMUM RISK PESTICIDE

An exclusive, organic, nontoxic combination of naturally occurring minerals and enzymes.

When introduced to an insect it dissolves it's waxy protective coating, causing it to molt prematurely. This process is deadly to all insects, and Completely Safe to Humans & Pets.

ECO-FRIENDLY

Exempt from registration under FIFRA

EFFECTIVE on

FRUIT FLIES, DRAIN FLIES, FLEAS,
BED BUGS, ANTS, ROACHES, MITES,
BOXELDERS, SPIDERS, TICKS, AND
MORE, NATURALLY!
