

*Cedar Choice Pro Cedar Oil Concentrate Instructions*

I thought this would be helpful. Spray *A Plus Natural Enzymes Choice Pro Cedar Oil Concentrate* outside only (for ants. You can spray it inside for other pests.) The attachment will explain why.

1. Buy Combat Ant Gel Carts & Combat Ant Gel Bait Stations.
2. Place above around sinks & in areas where you see ants.
3. Buy a Garden Hose lawn sprayer (pictures above).
4. Attach Lawn Sprayer to garden hose.
5. Add both bottles of A Plus Natural Enzymes (8 oz.) to Lawn Sprayer.
6. Fill Lawn Sprayer to top line with water.
7. Spray your building 3 feet up & 6 feet out. (It will provide 20 finished gallons.)

Call me if you have any questions.
